Safety in a Snap!

TamperAlert Hinge™
Protrudes outward when torn, alerting the customer that the container has been opened. **The hinge remains attached to the container, meaning no loose plastic pieces and therefore no littering.**

ClearPac® SafeSeal™ Tamper-Resistant, Tamper-Evident Containers

• Specifically designed to inhibit tampering, eliminating the need for shrink bands and wrap labels

• Shrink band elimination spurs savings!

  2¢ – 4¢ per shrink band

  $60 – $140 per heat gun

  $2,000 – $16,000 per heat tunnel

  $1,000 – $1,200 per year in utility costs

Customer Testimonials

"Using the SafeSeal™ line of plastic tamper-evident, tamper-resistant containers from Dart has allowed us to offer the same quality bulk candies to our customers, but in a much more **professional**, **safe** and **attractive** presentation. The stackability and clear design of these containers has allowed us to **profit upon the impulse driven sales** of the retail world, as well as keep our candy **fresher, longer**."
- Matt Costea, Buyer, Somerset Candy

"We use several sizes of the ClearPac®️ SafeSeal™ containers for a variety of dry bulk goods in our store. The **stacking quality** of these containers allow us to merchandise more product in a small area. The **perimeter seal** on these containers allows the product to stay fresher longer – especially with some of our spices. Lastly, the **easy closure** of the containers enables us to pack product quicker than we did with our previous containers."
- Sheila Burkholder, The Village Pantry
